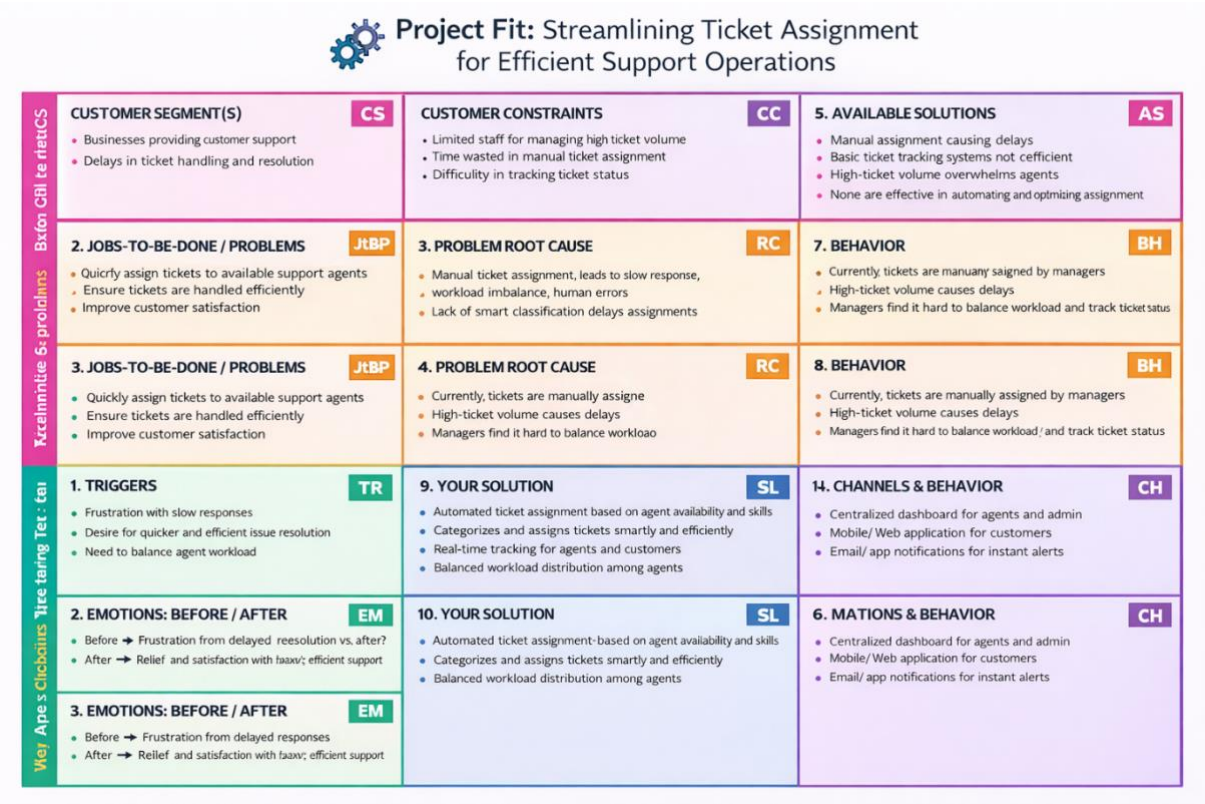
Project Design Phase
Problem – Solution Fit

Date	05 April 2026
Team ID	SWTID-2026-3101
Project Name	Streamlining ticket assignment for efficient support operations
Maximum Marks	2 Marks

Problem – Solution Fit:

The Problem–Solution Fit explains how the proposed system effectively solves the key issues faced in existing support ticket management processes. This project focuses on improving ticket assignment to ensure faster and more efficient support operations.

Purpose:


- **To automate ticket assignment** and reduce manual effort in support operations.
- **To improve efficiency and response time** by assigning tickets to the right support agents quickly.
